## *The Switch*

*There was a girl named Izzy .She loved Halloween. Izzy loved everything about Halloween like trick-or-treating, wearing her costume, and going to the school's spooky Halloween party.*

*Izzy Was very excited on Halloween. She had the perfect costume, an axolotl, which was her favorite animal. She had looked for it for months. Once she was dressed, she went to meet her friends. They were going trick-or-treating together and then were going to the school's spooky party.*

*After Izzy and her friends had so much candy that their candy buckets were breaking, they went to the party at the school. A witch met them at the door. It was their teacher. She told them to make name tags for their costumes. Izzy wrote "Izzy the Axolotl" and stuck it on her costume.*

*There were lots of games at the party and lots of food and music too. They played pin the wart on the witch. Then it was time for the main game, hide and seek. The kids all ran to hide while their teacher counted. Izzy found the best hiding spot. She hid in the*

*last bathroom stall between the toilet and the wall. She waited and waited, but no one came to find her.*

*Izzy got bored and went to find her friends. No one was in the hallway, and the gym was empty. She decided to go look outside. Everyone was gone. All of a sudden, she heard a cackle, the street lights flickered, and she tripped. Then everything went black.*

*When Izzy woke up, she realized that she was wet and underwater. She opened her eyes and saw desks through a piece of glass. All of her friends were in their seats. She looked around and realized she was in the classroom's pet fish tank. She looked down and saw that her body was now a purplish-black and that she had 4 legs and face whiskers too. She had turned into an axolotl. On the outside of the tank was her name tag from the party...Izzy the Axolotl.*
